- Security built in

### Options

- On-demand (shared) or dedicated architectures
- On-demand service includes control panel for simple adds and changes plus SharePoint sites functionality. Option to add instant messaging, screen sharing, presence indicator, video and audio conferencing package.

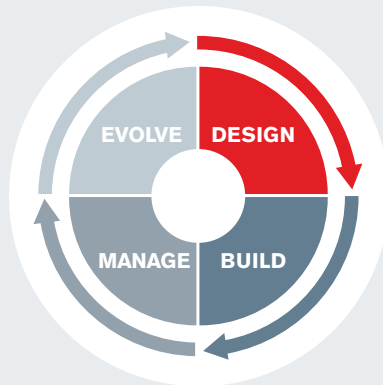

# How we work with you

## 1 - Design

Our experts can advise you on which of our Email and Collaboration service options is best suited to your business needs.

## 2 - Build

Working with Claranet removes the burden of project managing and carrying out the installation of your Email and Collaboration service yourself, saving you time.

## 3 - Manage

We take care of the ongoing 24x7 management and monitoring of the Email and Collaboration platform. However, you retain the control you need with access to around the clock UK support.

## 4 - Evolve

We work with you to ensure your service continually meets your needs.

# Email and Collaboration business benefits

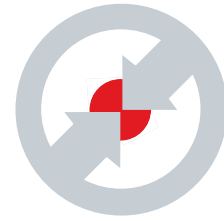

## Data Sovereignty

Our services are delivered from UK data centres

## Security

Access a level of security that would not be viable to achieve on your own

## Focus

Free up your team to focus on growing your business
